Eagleton Institute of Politics

SCIENCE AND POLITICS
SUMMER TRAINING

►►► July 15th – 19th, 2019 ◄◄◄

Specifically designed for PhD-level and graduate natural scientists to gain an understanding of the political landscape of New Jersey and to learn how to become engaged in the evidence-based policymaking process.

Through a one-week seminar and workshop series, participants will:
• gain deepened insight into the structure and workings of NJ politics and government
• elevate their skills in effective science communication
• get connected with government leaders and policymakers

Monday, July 15 1PM – 6PM
Introduction to New Jersey and its Political History
Structure of Government
Rutgers and New Jersey Government

Tuesday, July 16 9AM – 6PM
Powers and Processes of Executive and Legislative Branches
State Party Structures and Elections

Wednesday, July 17 10AM – 4PM
